### **Milstein big supporter of Missions' fundraiser**

Community Missions is pleased to announce the launch of our seventh annual major fundraising program. This program would not have been possible without the generous sponsorship of Howard Milstein and Niagara Falls Redevelopment. We thank him for his continued support.

There have been many contributors over the years, but none has been more consistent than the donations by Howard Milstein and his staff at NFR and Niagara Falls Aviation. His sponsorship of this program has resulted in over \$200,000 in donations over this six-year period.

It has resulted in Community Missions being able to feed over 390,769 individuals and sheltered 2,691 during this period, and over 100 agency events and community activities continue to be sponsored.

In a community where it's hard to raise donations, these numbers are meaningful dollars that would not be possible without all the generous donors, corporate citizens, businesses and community partners that so thoughtfully give to this agency.

Thank you, Mr. Milstein. We wish you well in your new position.

ROBYN L. KRUEGER, EXECUTIVE DIRECTOR, COMMUNITY MISSIONS OF NIAGARA FRONTIER INC.
