Dear Mr. Trevino

We here at Niagara Street Elementary School want to extend a sincere thank you for your donation of school supplies to our students. Your generous gift has benefited a large number of our needy students. The staff at Niagara Street is committed to giving the best education possible to the students of Niagara Falls. The donations from Niagara Redevelopment Corporation show us that our partner is committed to the same goal.

In this difficult economic time for our students, it is very comforting to know organizations like yours continue to come through with helping our needy students. We would like to wish Niagara Falls Redevelopment continued success and we look forward to working with you in the future.

Sincerely,

Mrs. Paulette A. Pierce
