Milstein is the right choice

We, at the Niagara Falls Police Club, enthusiastically support Gov. Andrew Cuomo's nomination of Howard P. Milstein to the chairmanship of the New York State Thruway Authority. It is good to see the governor appoint someone from the private sector who has the kind of credentials that are truly "the best and the brightest."

Milstein's philanthropy is well known to us here in the

Niagara Falls Police Department. Since we can remember, Milstein through his staff at Niagara Falls Redevelopment, has been most generous to the Niagara Falls community at large and the Niagara Falls men in blue. There have been many occasions when the need has arisen and without a question Milstein has been there for a fallen comrade for which we are grateful.

We want to acknowledge and support Milstein for his many contributions to the community and wish him well in any of his endeavors whether it be in the public or private sector.

Thank you Mr. Milstein.

**Michael Drake, president
Niagara Falls Police Club**
