Dear Howard and Roger;

On behalf of fifteen service coordination families who receive services through Niagara Cerebral Palsy, we wish to express our deepest appreciation for your generous donation. The families selected struggle daily to make end meet. You enabled our most needy families to celebrate Thanksgiving with a holiday meal (turkey, stuffing, vegetables, potatoes, gravy, cranberry sauce, dessert). For some this was a first.

The impact your kindness had on these families from your generous donation was conveyed to us through the eyes of the single parent, raising several young children with a very limited income. Families were ever so grateful for this act of kindness. The look on each person's face as the food was brought into their kitchens was an indescribable moment. These times are financially difficult for many less fortunate individuals, however the families we serve, also face developmental disabilities complicating their lives even more.

On behalf of these families and all the service coordinators of Niagara Cerebral Palsy, we extend our heartfelt thanks. You have touched the lives of many.

Sincerely,

Marilyn Morreale
Service Coordination Supervisor
Niagara Cerebral Palsy
